

ASCE Texas Section STUDENT SYMPOSIUM

SYMPOSIUM@TEXASCE.ORG

ASCE Texas Section has re-engineered its Student Symposium to foster close association between engineering professionals and university students. Beginning in 2016, the Symposium combines the two student competitions, steel bridge and concrete canoe, at one event.

Students, whether they are contestants or soon-to-graduate, will have the opportunity to attend a series of soft-skill seminars to prepare them for their new careers. The students will learn how to create an excellent resume, interview for a job, plan for their future careers, and how to network. A Texas-wide career fair will give them the opportunity to put this specific learning into play at the Symposium, and employers will have access to exceptional students.

The theme for the 2016 Student Symposium is "Winning at Your Career". The symposium is focused around soft skills that support the transition from the learning environment to the professional arena. The seminars will be on communication, self marketing, professional dress, safety, and financial savvy.

The Symposium Career Fair is an opportunity for employers to meet with students from universities from across Texas in one place. The Career Fair will allow employers to interact with the students over the course of two days. The students who are participating in ASCE are some of the brightest civil engineering minds engaged in leadership, teamwork, and professionalism.

We are seeking corporate sponsors to defray the cost of the events and to keep the Symposium affordable for the student attendees. Sponsors of this event will gain brand recognition, community engagement, networking opportunities, potential employees and the ability to show their support for the civil engineers of tomorrow. Please be a Sponsor of this one-of-a-kind event and help our students reach their full potential.

FOUNDATIONAL PARTNER SPONSORSHIP

In return for their one-time donation, a Foundational Partner will be recognized as a sponsor of the Student Symposiums for 3 years (2016, 2017, 2018). All Foundational Partners will receive their company name on Symposium signage and in symposium itineraries ("Sponsored by..."), registration for 2 professionals and a 6' conference table each of the three years. They will also receive for their sponsorship level:
